

### **vision**

You are kindly invited to participate in our international orienteering meeting! According to the CEOC decision, this year CEYOC will be organized in the "open format". It means that it is not necessary to be a part of the national team to participate in CEYOC categories. If you were born in 2004 or later you can take part in our demanding orienteering rivalry.

We would like to prepare three days of orienteering on the highest level - one sprint distance in the city center of Olkusz and two demanding forest stages in Ogrodzieniec. We really hope to see all the youth faces at our event soon. Detailed maps, challenging courses and demanding terrain - everything is waiting here for you. Let's start the orienteering season together!
